INTERIM FINANCIAL STATEMENTS
JUNE 30, 2009
AND AUDITOR'S REVIEW REPORT

AUDITOR'S REVIEW REPORT

To the Shareholders and the Board of Directors of Bangkok Land Public Company Limited

I have reviewed the accompanying consolidated balance sheet of Bangkok Land Public Company Limited and its subsidiaries as at June 30, 2009, and the consolidated statements of income, changes in shareholders' equity and cash flows for the three-month periods ended June 30, 2009 and 2008, and the separate balance sheet of Bangkok Land Public Company Limited as at June 30, 2009, and the statements of income, changes in shareholders' equity and cash flows for the three-month periods ended June 30, 2009 and 2008. These financial statements are the responsibility of the Company's management. My responsibility is to issue a report on these financial statements based on my reviews.

I conducted my reviews in accordance with the standard on auditing applicable to review engagements. This standard requires that I plan and perform a review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. I have not performed an audit and, accordingly, I do not express an audit opinion.

Based on my reviews, nothing has come to my attention that causes me to believe that the interim consolidated and separate financial statements referred to in the first paragraph are not presented fairly, in all material respects, in accordance with generally accepted accounting principles.

I have audited the consolidated and separate financial statements for the year ended March 31, 2009 of Bangkok Land Public Company Limited and its subsidiaries, presented herein for comparative purpose, and expressed an unqualified opinion in my report dated May 28, 2009. The consolidated and the separate balance sheets as at March 31, 2009 formed an integral part of the financial statements which I audited and reported on. I have not performed any other audit procedures subsequent to the date of that report.

3. Significant accounting judgments and estimates

The preparation of financial statements in conformity with generally accepted accounting principles at times requires management to make subjective judgments and estimates regarding matters that are inherently uncertain. These judgments and estimates affect reported amounts and disclosures and actual results could differ. The significant accounting judgments and estimates are as follows:

Allowance for doubtful accounts

Allowances for doubtful accounts are intended to adjust the value of receivables for probable credit losses. The management uses judgment to establish reserves for estimated losses for each outstanding debtor. The allowances for doubtful accounts are determined through a combination of specific reviews, collection experience, and analysis of debtor aging, taking into account changes in the current economic conditions. However, the use of different estimates and assumptions could affect the amounts of allowances for receivable losses and adjustments to the allowances may therefore be required in the future.

Impairment of investments

The Group treats investments as impaired when there has been a significant or prolonged decline in the fair value below their cost or where other objective evidence of impairment exists. The determination of what is “significant” or “prolonged” requires judgment.

Depreciation

In calculating depreciation of plant and equipment, the management estimates useful lives and salvage values of the plant and equipment and reviews estimated useful lives and salvage values if there are any changes.

The Company established a wholly-owned subsidiary, BL Cayman, in October 1992 with a registered capital of USD 10,000. BL Cayman issued exchangeable notes in foreign capital markets, guaranteed by the Company and the entire proceeds of the notes were lent to the Company on equivalent financial terms (Note 17).

The Company entered into a loan agreement with BL Cayman on October 13, 1993, whereas in the event that the Company should have failed to meet its payment obligation which would have caused BL Cayman not able to make its payment to the note holders, the Company agreed to pay BL Cayman a penalty interest of 1% above the normal interest rate per annum on the amount due by the Company. However, the management assesses that no liabilities will be incurred as during the past years BL Cayman has been redeeming the notes at a price substantially lower than its face value and no claim has been made against the Company. The Company therefore has not accounted for the penalty interest in its financial statements.

4.7 Short-term loans and advances from directors

The loans and advances from directors are for the purposes of financing construction cost and interest on loans from financial institutions. From April 2003 to June 2003, the loans carried interest at rates of 5.25% - 7.50% per annum. The loans have no fixed repayment terms. Effective July 1, 2003, the directors have suspended charging interest to the Company. However, the directors have recommenced charging interest to the Company from January 2005 at MLR per annum onwards.

The Group faced currency exchange risk relating to Exchangeable Notes denominated in Swiss Francs and U.S. Dollars.
